

# DELIVERING BEST-IN-CLASS CONNECTIVITY ACROSS THE GLOBE

## The SD Xperience Global Tour

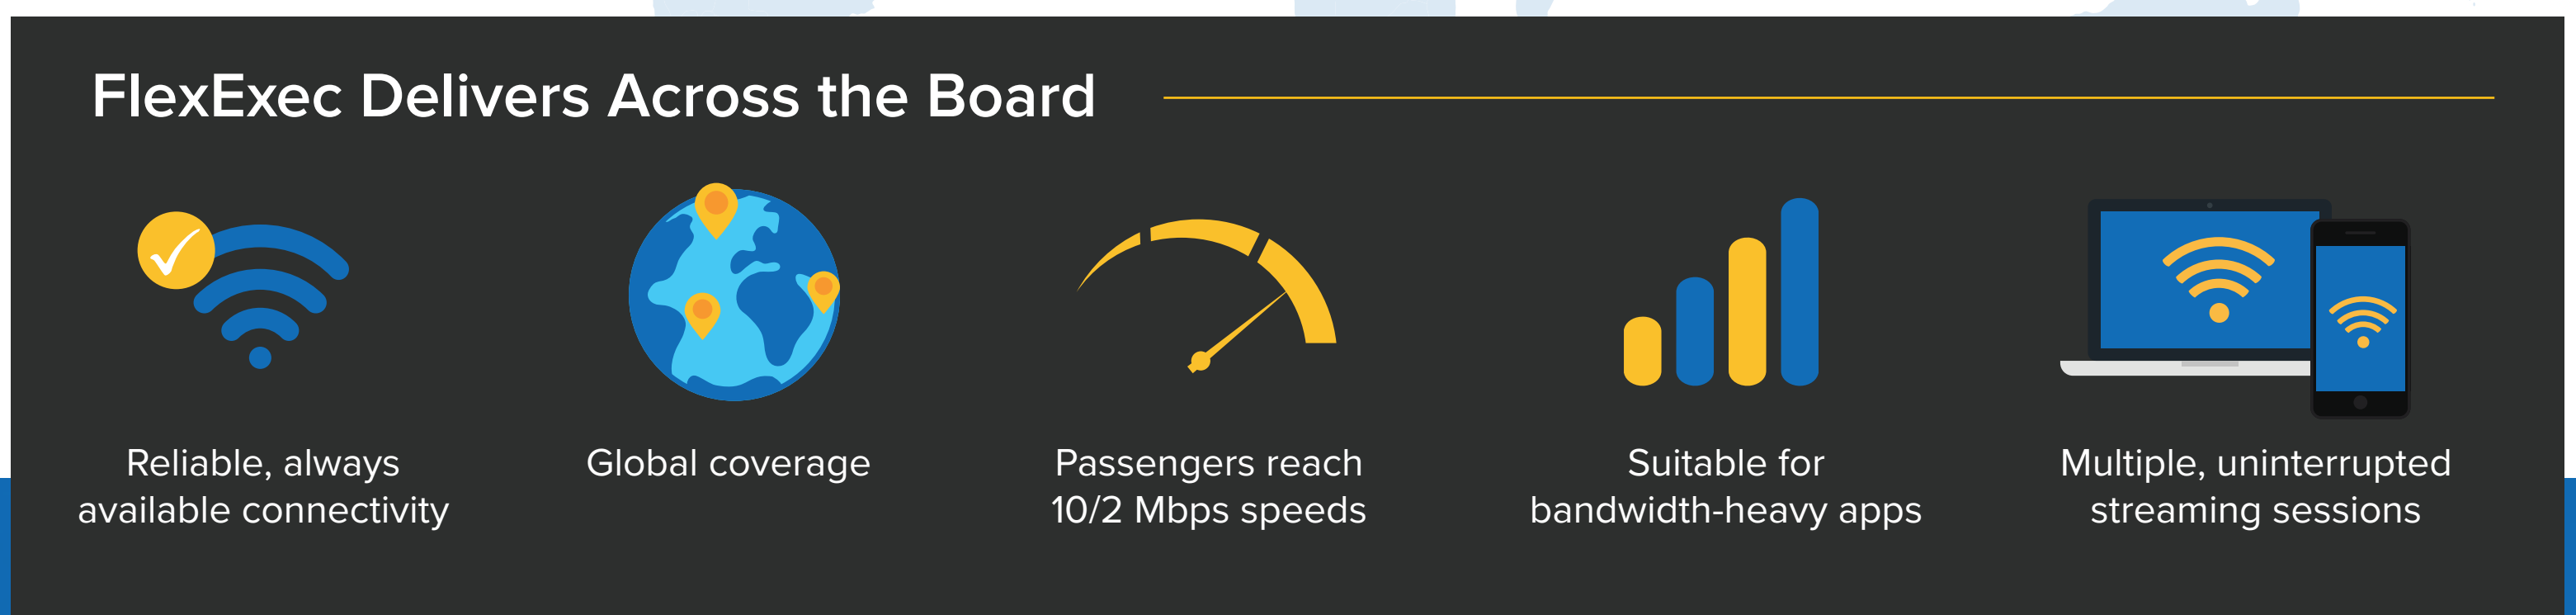

Customers and journalists were invited to experience the power and performance of FlexExec's inflight connectivity experience firsthand.

## Covered More than 20,000 Nautical Miles

## FlexExec Delivers Across the Board

## A Seamless Connectivity Experience for Every Passenger On Board, Every Time

FlexExec, Intelsat's premier connectivity service, is designed for business aviation and high-traffic routes. FlexExec is different from other BizJet solutions due to its performance, resiliency and global coverage, backed by layers of high-throughput satellite capacity on the Intelsat Epic<sup>NG</sup> satellite fleet, which is fully integrated with Intelsat's global, wide-beam fleet.

FlexExec is offered through Satcom Direct, our master distributor. FlexExec enables flexible billing plans that work best for Flight Department Operations. To see what FlexExec can do for you, contact the Satcom Direct sales team at [www.satcomdirect.com/contact/](http://www.satcomdirect.com/contact/).
