

New Features in SD Pro®

August 2022

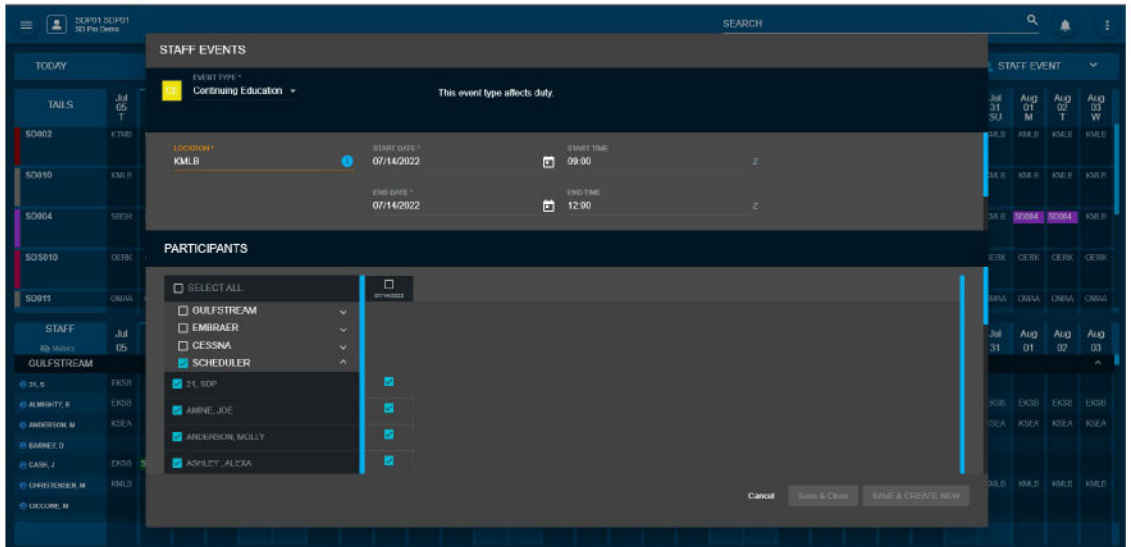

Hello SD Pro Admins,

We are excited to introduce the latest updates to SD Software, including PreFlight, and PostFlight modules.

Table of Contents

1. PreFlight
2. PostFlight

PreFlight

Click to enlarge

Staff Groups on Staff Events

Quickly and easily add groups of participants to staff events. Staff groups are created in the company profile and participants can be assigned to a group their people profile.

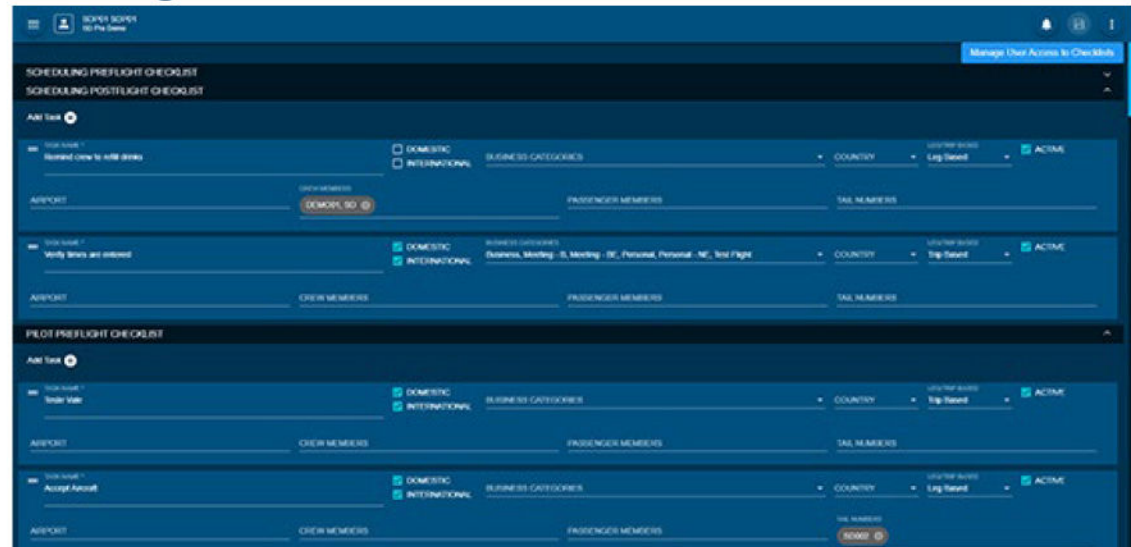

Hide Fuel Vendors

Users now have the ability to hide fuel vendors in the Fuel Services module that are no longer preferred or offer service

Jetex® Fuel Vendor

Jetex CSVs are now supported in the fuel vendor price upload section in PreFlight. See your Jetex contract pricing in the fuel services section when scheduling a trip.

PostFlight

Scheduling PostFlight Checklist

Stay on top of postflight activities with the new PostFlight checklist section dedicated to schedulers.

If you have any questions or feedback regarding these updates, please contact support@satcomdirect.com. We would love to hear from you!
